## FOOD & ASSOCIATED SUPPLY

GIA Solutions SA imports and distributes select Food products around South Africa. Our primary industries of interest are Grain, Fat & Oils, and Confectionery.

Because we understand the importance of food security, our emphasis is always on food products that are high in demand, but insufficient in supply. Food is essential for every person to survive and thrive, and so it is always our goal to go above and beyond to satisfy our customers.

The following products, but not limited to are in supply:

- Liquid Glucose
- Vegetable oils
- Rice

Our mission is to provide a bespoke customer-required solution by striving for excellent operations, innovation, and happiness for our employees, customers, and partners.

Follow us on these social media platforms and be UpToDate on what we are doing.
